Dr. Ruchi Sharma

Principal's Message

Out of numerous ways of serving the society, educating and training the young minds is the most profound. We in the Institute of Dental Education and Advanced Studies prepare our students, inculcating them to make better diagnosis in the field of dentistry, making their decision to devote their life in this noble profession worthy. The college has a tradition of educating and training its students to provide a high quality of patient care and produce professionals of high mind caliber, academic and clinical skills. We help our students to unwind and bloom with the qualities of discipline and commitment. The teaching follows a well-researched curriculum, excellent infrastructure with well-experienced and devoted faculty. To promote extra-curriculum and sports activities, the college regularly organizes different events and encourages inter-college activity.

We look forward for your unforgettable enriching experience with us.

About College

INSTITUTE OF DENTAL EDUCATION AND ADVANCE STUDIES

is an institute imparting quality dental and medical education and research & development.

The institute focuses and co-ordinates the prime aim of skill building and personality development of the students. Seminars, conferences, debates, sports, dramatics etc.

are the regular happenings of the institute besides the curricular studies which, surely, is its pivotal strength.

This institute is managed by the Trust, which is registered as 'Madhya Pradesh Lok Vikas Nyas' under Public Trust Act of 1951, section 4, Registration No. 183, Dated September 28th, 2004, in District Gwalior (M.P.), under the leadership of young qualified professional **Er. K. S. Kushwah**, the Chairman of the Trust and his associate trustees.

***Established year - 2008**

***Affiliated university - Madhya Pradesh Medical Science University, Jabalpur**

***BDS seats - 100**

The college have hostel facility for girls and boys separately

which provides good hostel accommodation for the students and have library, sports facilities, Cafeteria, auditorium for events and seminar for staff and student

You don't always get what you wish for you get what you work for.

Institute of Dental Education & Advance Studies

Cultural activities have several practical implications. By participating in such activities, the students become more passionate and confident. These activities also foster team spirit and a sense of responsibility in the students. Students learn to face challenges and find solutions to real-life problems. It is also believed that the students become more focused on their career. They are able to choose their field of interest early.

The cultural activities enhance the confidence level of the students thereby allowing them to perform better.

These activities develop the personality of the students and assist them in shaping a good career. In fact, students can also leverage the advantage of participating in various activities. During college admissions, most of the reputed universities give preference to all-rounders possessing impressive personality along with knowledge.

Any physical activity that encourages exercise is worth participating in. As the old saying goes, "body and mind" re connected! Students that get proper exercise through sports are more likely to feel energized throughout the day

Sports require communication between players. Even one-on-one sports still require communication between two opponents during a match while encouraging a healthy sense of competition.
